She told her dad "I want to tell you what Clinton has been doing to me" which made it sound bad.

But I never forced her and she did get to the point that she would just let me. She also liked me and wanted to be my girlfriend, but at that time I was only interested in the 2 or 3 most popular girls in school.

Her best friend told me that she was 110% sure that I didn't hurt her. Said it was her crying for help to get her brother off of her

Mar 7, 2020, 5:36 PM

And how I pressured her into it, saying any and everything I could

Mar 7, 2020, 5:34 PM

And that she was abused legitimate lu

Mar 7, 2020, 5:33 PM

**Leonard Clinton Williams III**

What gets me about it is that she was a target from a lot of boys

Mar 7, 2020, 5:33 PM

**Leonard Clinton Williams III**

---

Yeah

Mar 7, 2020, 5:33 PM

---

**Candi Dawn**

Given the age I think this is pretty much not a big deal at all. I think the majority of kids do stuff like that around that age. I know even I even did... and I dare say that it falls into that stereotypical southern situation because there was a cousin involved a few times when my aunt/uncle came up to visit from

Charlotte. Then there was this really old lady who we took the school bus to after school to stay until my dad got off work and there was another boy there. We did stuff like that when she would fall asleep in her recliner. I don't think it's worth worrying about

Mar 7, 2020, 3:41 PM

---

**Leonard Clinton Williams III**

---

I tend to think it is wrong but not that bad at all, given how old I was. Like maybe a 2 or a 3.

But then I think of what she went through and of how so many boys did this type of thing with her. How bad that would have had to hurt.

And I was manipulative about it, in a way. I told her whatever I thought would get her to let me do what I wanted to do.

Mar 7, 2020, 2:31 PM

---

**Leonard Clinton Williams III**

---

On a scale of 1 to 10, how wrong is that for a 12 to 14 year old boy?

Mar 7, 2020, 2:29 PM

---

**Leonard Clinton Williams III**

---

What do you think of that?

Mar 7, 2020, 2:28 PM

**Leonard Clinton Williams III**

---

Never forced anything but think I may have added to or caused her emotional damage.

I have beaten myself up about it now for a long time

Mar 6, 2020, 10:51 PM

**Leonard Clinton Williams III**

---

I was trying stuff on her all the time. I was a little bastard about it and it took repeated telling me no, half the time.

I would give her this “come on. Just for a little” stuff

I felt bad about it

Mar 6, 2020, 10:48 PM

Mar 6, 2020, 6:52 PM

**Candi Dawn**

Nope. Never said anything to me about anything like that.

Mar 6, 2020, 6:51 PM

**Leonard Clinton Williams III**

It was like he was saying that in reference to me

Mar 6, 2020, 2:44 PM

---

**Leonard Clinton Williams III**

And actually I do remember him saying "boys are going to try to feel their boobs.." when describing what this girl said about her brother.

He was having sex with her for a while and she wanted to be his gf

**Leonard Clinton Williams III**

I just want to know

### Leonard Clinton Williams III

When I lived in the trailer park as a kid, from ages 8 to 13, there was this girl named **Mandy**.

She was 1.5 years younger than me.

She became a target for sexual behavior over time. Me and pretty much every boy my age that went to her house would be feeling her up, once we got into our teens.

I was over there constantly and she and I did stuff together. Just heavy petting. It was me talking her into it the whole time.

Never was her idea, although she did get to the point that she would just let me, without talking her into it.

This was when I was 13 to 14.

When she was 13 and I was 14 she told her dad what we had been doing.

It was made out to be abuse, and some of my friends at school jokingly referred to me as "molesting **Mandy**".

What I later learned and have confirmed with her best friend at the time, is that she told on me because I was safe to tell on.

At this same time she told on me, her brother had began to rape her on an almost daily basis.

She was trying to bring attention to the broader situation. This was her first attempt at that.

I remember about 21 or 22 years ago, I was at his place and this girl named Cortney that liked me was there.

He said in front of her, in reference to this girls dad liking me, "until you raped his daughter". It was in a joking sense and I never heard anything else about it from him.

I have wondered, since this thing happened with WFB, if he is still saying this garbage

This is one of the things I think he may have said

**Leonard Clinton Williams III**

He was open with you about hating other races?

Mar 5, 2020, 4:26 PM

**Candi Dawn**

Maybe. I dont think that is the case. There are some things that would have been an issue. I'm anti-gun, against hunting for entertainment, agnostic (one of the times we stopped was because he got mad.when I told him I wouldn't go to church with him). I have many friends and acquaintances that are LGBT and people of different races which I would have had to not talk to anymore if I was with him.
